Attach the label below to your OfferUp package, then drop it off at any **post office**.

Expert packaging tips:

- 1. Choose a plain, sturdy box big enough for the item and padding.
- 2. Keep the item from touching the outer box by using padding like crumpled newspaper, grocery bags, or bubble wrap.
- 3. Give the box a shake: does the item move? If so, use more padding!
- 4. Make sure the box won't come open by sealing it with 2-inch wide tape.
- 5. Attach the label below by taping down each edge with clear tape.
